As a kid, Alexander wasn't a great student. He had a naturally curious mind, but he saw the world differently to his teachers and fellow pupils, and just couldn't quite fit in. But when he began collecting plants as an adult, Alexander realised he'd found his passion. From then on, he became a great explorer, travelling the world to document all kinds of plants and species.

Little Neil's dreams took flight when he rode on his first airplane as a child. After studying aeronautical engineering and time spent in the navy, he became a pilot. From there, he was selected to take a trip to where no human had gone before – the moon! Along with his team, Buzz and Mike, he was the captain of the Apollo 11. And Neil took a giant step for humankind as the first person to ever step onto the surface of the moon.
